Apprenticeship and Training Program
PO BOX 1728
Helena MT 59624

The Laborers AGC Apprenticeship, Training, and Work Preparedness Trust for Montana accepts applications for the Construction Craft Laborer Apprenticeship program year-round. To apply, pick up an application at the Laborers Local 1686 locations listed below or your local Job Service. For more information contact the Laborers AGC Training Program at (406) 442-9964 or (800) 408-9766. We are an equal employment opportunity employer. The JATC will not discriminate against apprenticeship applicants or apprentices based on race, color, religion, national origin, sex (including pregnancy and gender identity), sexual orientation, genetic information, or because they are an individual with a disability or a person 40 years old or older. The JATC will take affirmative action to provide equal opportunity in apprenticeship and will operate the apprenticeship program as required under Title 29 of the Code of Federal Regulations, part 30. and Equal Employment Opportunity in Apprenticeship Montana State Plan.

Nature of work, conditions and outlook

Today's Construction Craft laborer is a person of many talents, able to work on a variety of construction and environmental projects. Physical ability plays a major role in this profession. Laborers' work runs the gamut from pick and shovel to computers and lasers. The ability to perform a variety of jobs on a single site is vital to success. A Laborers work is highly active and very strenuous. Laborers work in all weather and under all conditions, from underground to high in the air. The work is seasonal. Laborers may also be exposed to physically dangerous jobs and hazardous materials. Laborers are the first craft on the construction site and the last to be laid off. Advancing Trade Technology will mean that laborers with exceptional skills and training will always be in demand. The current shortages of skilled construction workers will guarantee work for the construction craft laborer with skills and ambition.

Entrance Requirements

AGE: Minimum 18 years at time of indenture.
Health: Must be physically capable of performing hard work.
